## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1, 5, 9, 10-14, 17, 18, and 19 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claims 1, 12, and 13 claim that there is at least one suction holder located on the separator frame that is movable vertically relative the separator frame. The examiner found no written description in the specification of how the claimed vertical movement is accomplished. Therefore, the specification does not fully support and describe the claimed subject matter.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 12-14, 17, 18, and 19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 3653

Claims 12 and 13 both claim a drive means for pivoting the separator frame upwardly relative to the separator frame. It is unclear to the examiner how the separator frame can be pivoted vertically relative to itself.

***Allowable Subject Matter***

Claim 2, 3, 20, and 21 are allowed for the reasons stated in previous office actions issued by the examiner.
